

LEARNING PLAN PREPARATION

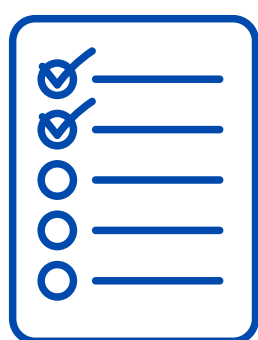

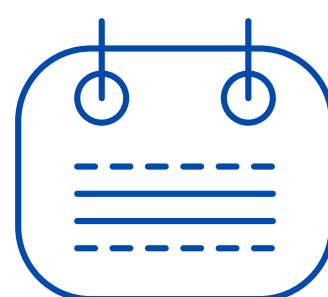

SCORE ALL OF THE SCREENING TESTS

Tally correct responses, look to the recording booklet and fill it in with everything you know so far.

BOOK AN APPOINTMENT WITH SAM

Make an appointment to review the screening results with Sam to prepare the first learning plan.

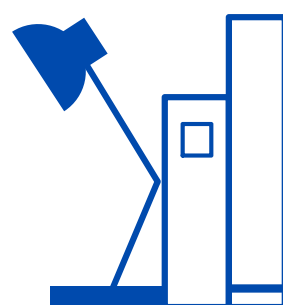

LEARNING PLANS - #1

During your appointment with Sam you will learn how to create your first learning plan, with correct filenames, descriptions of screening and identification of outcomes.

LEARNING PLANS - NEXT

Now you'll try one on your own, using the sample we've worked on together.

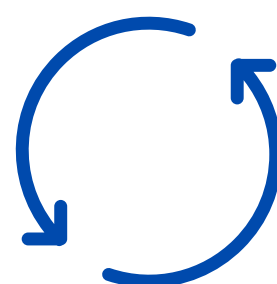

LEARNING PLANS - ALL

After some editing, you'll become really familiar with the process and be able to create the learning plans for all of your students.

AFTER LEARNING PLANS?

Well, now you teach!

But, after six months, we re-assess the areas you've been focussing on to provide the family with constructive evaluative comments and our suggestions from where to next.

OUR LEARNING PLANS SUMMARISE OUR FINDINGS FROM THE SCREENING AND SET OUT A PLAN FOR HOW WE'RE GOING TO BEGIN HELPING OUR STUDENTS.
